

LACEY HARRIS - COBLE

lharriscoble@ufl.edu | lharriscoble.github.io

EDUCATION

Ph.D., Geography | University of Florida, Gainesville, Florida

Dissertation: Geography of Agricultural Trade Networks in West Africa

ABD – Expected Graduation Spring 2027

MDP, Sustainable Development Practice | University of Florida, Gainesville, Florida

Practicum: Income Diversification and Seasonality for Smallholder Farmers in Kilosa, Tanzania

BA, Environmental Biology | Columbia University, New York, New York

Thesis: Arthropod and Songbird Seasonality in the Alaskan Tundra

TEACHING EXPERIENCE

Instructor of Record

GEO 2315 | Hungry Planet: Global Geographies of Food

- Seven semesters, 12-15 students in-person, 30-40 students online, per semester
- Developed course content in-person and online, graded all course material

GEO 2351 | Geographic Science and Sustainability

- One semester, 10 students in-person per semester
- Developed course content, graded all course material

GEO 3452 | Introduction to Medical Geography

- Two semesters, 30 - 40 students online per semester
- Managed and led online course, graded all course material

Teaching Assistant

GEO 2500 | Global and Regional Economies

- One semester, 150 - 175 students online per semester
- Graded weekly assignments, quizzes, exams and presentations

GEO 2200 | Dynamic Planet Earth Lab

- One semester, 75 - 100 students online per semester
- Graded weekly assignments, quizzes, exams and presentations

GEO 3405 | Geography of Latin America

- One semester, 75 - 100 students online per semester
- Graded weekly assignments, quizzes, exams and presentations

Poster presentation
American Association of Geographers
Denver, 2023

PROFESSIONAL MEMBERSHIPS

2022 – present | American Association of Geographers

2026 – present | American Geophysical Union

AWARDS

2023 | Anderson Travel Award – University of Florida

2024 | Distinguished Teaching Award – University of Florida

2024 | Little Family Award – University of Florida

OTHER PROFESSIONAL EXPERIENCE

2017 – 2022 | Project & Research Assistant Feed the Future Innovation Lab for Livestock Systems
University of Florida - Gainesville, FL, USA

- Collaborated on research and project activities with the Cross-Cutting Theme Leads for Gender & Youth and Enabling Environment, as well as with the Monitoring and Evaluation Specialist.
- Contributed to gender integration in the “EQUIP–Strengthening smallholder livestock systems for the future” research project on livestock feed funded by the Bill & Melinda Gates Foundation.
- Responsible for reviewing dataset submissions to ensure compliance with guidelines for submissions to USAID’s Data Development Library.
- Assisted with project management activities including reporting compliance, event planning and logistics, and development of communications materials.

2017 | Program Assistant Integrating Gender and Nutrition within Agricultural Extension Services (INGENAES) Project
University of Florida - Gainesville, FL, USA

- Conducted research in Nepal on nutrition-sensitive agriculture, multi-sectoral collaboration for nutrition, and women’s empowerment.
- Assisted with writing and editing of newsletter, reports, and other INGENAES products.
- Supported planning and logistics for two workshops and a symposium in Nepal.

2016 – 2017 | Research Assistant - Catholic Relief Services Consultancy

- Conducted a qualitative analysis to assess the gender integration of 20 CRS projects.

TECHNICAL SKILLS

- Data Analysis: R, ArcGIS Pro
- Survey development and deployment, semi-structured and focus group interviews

PROFESSIONAL SKILLS

- Cultural competency & sensitivity
- Pedagogy in interdisciplinary fields, lesson plan development and discussion facilitation
- Intermediate Italian proficiency; previous Swahili proficiency
- Budgeting and project management

ACADEMIC INTERESTS

- Agricultural Geography
- Agricultural Trade and Development
- Network Analysis
- Spatial Analysis and Visualization
